Dear Kareem:

This office will retrieve UST program element information from the Agriculture Commissioner's Office for the Annual Summary Reports 2 through 4. This was not included in our last self audit but will be included in all of our future self audits.

The UST annual permit fee and all CUPA fees are now being collected by our office. It started in March of this year. The Agriculture Commissioner will no longer collect CUPA fees. Environmental Health is implementing the full Single Fee System by billing and collecting all CUPA fees.

The Area Plan for Lassen County will be on Jack Harrah's desk no later than September 1, 2007.

With the implementation of the aforementioned, hopefully, Lassen County's CUPA program will be in full compliance.

We appreciate your help and expertise and wish to thank you for all of your help and assistance.

Sincerely,

Martin A. Winston
